DESIGN FOR EUROPE

“Karantinariumas” by Milena Liuktutė-Grigaitienė

**Design graduates
struggled to find
proper jobs during
pandemics**

About the Project

The project Design Wings is a project of non-financial support that brings together talents, knowledge and experience to create design products and services that are competitive and based on the principles of innovation and the digital and circular economy.

and user interfaces (UI)
design

1/3
graphic solutions

What's the difference between a study process, job and the project?

Mentorship is the key for success.

Companies had a chance to try how it looks to work with a designer

**Botanique furniture collection
by Lukas Avénas for Rukša**

Community building events helped to establish a strong network

**POLITICAL SUPPORT.
OWNING THE PROJECT.
Visit by Virginijus Sinkevičius,
the European Commissioner for
Environment, Oceans and Fisheries**

Dizaino sparnai

Kokia yra lietuviško
dizaino ateitis?

idomu, ką gali sukurti
ic dizaineris?

**Curious to know more
or have a similar project?**
